**Association Responsibilities:**

- **Maintenance:**
- **Clubhouse:** via email on 3/6/25 The update on the clubhouse security system is complete. Board members can now access all doors with the pool fobs. No need for the 4 digit codes any more. I will give a full report at the board meeting - Lynn
- **Swimming pool:**

Mid-American Pool reached out and would like to begin as soon as possible. Our pool maintenance team will not be available until April 1st as Mr. Bye is in the hospital with brain cancer. This has been communicated to Mid-American. I also reminded them they are to bring someone in to look at pipes before proceeding as they left debris in the pool.

Amber Bye recommended we talk about using a cartridge filter for our pool. The current sand filter is getting very old and toward the end of the year was putting sand into the pool. This will cost between \$750 to \$12,000. It will be around \$150 to install. Amber also stated that it costs us around \$400 a year to replace the sand in the filter.
